

STOP DISTRACTED DRIVING

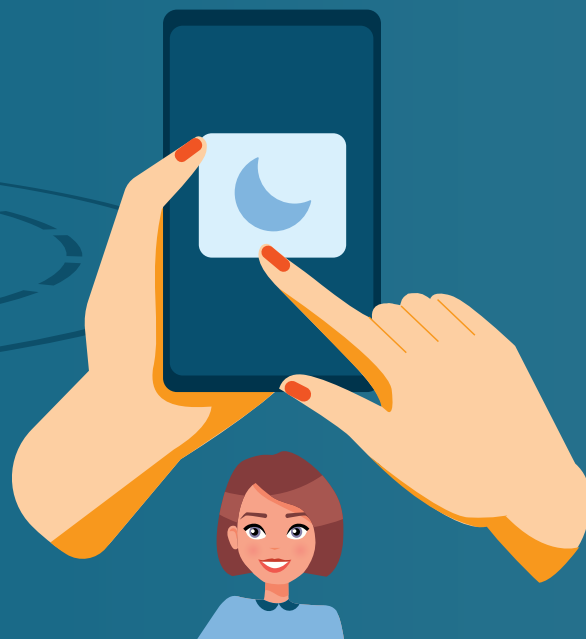

BRING DANGEROUS DRIVING
TO A SCREECHING HALT.

Eliminating distractions while behind the wheel can literally mean the difference between life and death. Check out these tips on how to stop distracted driving and practice safety behind the wheel.

DON'T TEXT OR SCROLL SOCIAL MEDIA PAGES & DRIVE!

Between 2012 and 2018, nearly 23,000 people died in crashes involving a distracted driver. In 2018, 8% of people killed in crashes involving teens 15-19 died when teen drivers were distracted at the time of the crash.

While driving, put your phone on "Do Not Disturb" mode.

ASK A PASSENGER TO BE YOUR "DESIGNATED TEXTER."

Give them access to your phone so they can answer calls and texts while you drive.

AVOID APPLYING MAKEUP & DRINKING OR EATING WHILE DRIVING.

You should also turn the volume and brightness up on your GPS so it's easier to know where you're going without looking at your phone.
